## ABOUT THE COURSE

From the moment you set foot in the clubhouse to the final hole, Running Deer offers the best, most complete golf experience in the area.

Out on course, you will find that every hole is unique. The lush green teeing areas, rolling fairways and dynamic, undulating terrain offer special challenges to golfers of every handicap. In short, it offers all the attention to detail you would expect from a private course, available to all.

Best of all, Running Deer offers one thing that every golfer can appreciate: serenity. It is right off of route 55 and is the ideal place to hit on the way to or from the shore. The course is set back among the trees of beautiful and historic Pittsgrove, N.J., a world away from the hectic pace of everyday life. Even the holes themselves are set apart, conveying the sense that it is just you, your partner(s) and the game – golf, just the way it should be
